

NSF Consumer Values Verified | NSF San Diego
9191 Towne Centre Dr. Suite 200 | San Diego | CA | 92122

April 10, 2017

To whom it may concern:

This letter confirms that the EnviroLogix QuickScan system is an allowed method for monitoring samples for GMO's under the NSF Non-GMO True North Protocol 454 (P454), current version (published Dec 13, 2016).

Sincerely,

A handwritten signature in black ink, appearing to read 'Kimberly Tomicich'.
